Travis. No reason to be prideful. Raise the assembly. You don't eat celery. I was made to. Leah is under oppression. Be helpful. I was told to climb the steeple. You ignored it like you didn't know the offices in God's government. You have nothing to fear. Hear what needs to be said in front of the ecclesia in the sanctuary. Do what the bible says to do.

Leah was hungry, and she was sent to me. I let her go hungry. I needed you. I was thirsty and you refused me ministry. Get the drift?

That's not the love that causes revolution. What's all this bowl and basin talk about? I was the flock not a heathen. Love's talk is not cheap. I'm a disciple.

There is an open window to seven billion dollars in enterprise for the King. Use your head. I sing in fluent tongues. Why would you do what Saul did?

That's why there is no reason to be prideful. No more pollution. You can do it. God is not a retard. I'm not a weirdo. I'm the Lord's servant. God blessed you. He gave you a church. God blessed you.

Sincerely,

Michael Ornelas
