## THE ANOINTING

*Spoken over Michael Ornelas by Prophet Tomi Arayomi*  
*Global Celebration Master Class | March 4th, 2024*

---

### I. The Prophet and the Weight of His Office

Tomi Arayomi is an internationally recognized prophet with more than twenty years in prophetic ministry. He is the founder of RIG Nation — Restoring Issachar's Generation — a global movement built on 1 Chronicles 12:32, raised up to restore the apostolic and prophetic ministry to the Body of Christ and to equip this generation for the purposes of God. He was commissioned under Christian International by Dr. Bill Hamon and Dr. Sharon Stone in November 2010, and he carries a mandate to raise up seven thousand apostles and prophets on every continent of the earth.

Prophet Tomi is known as a governmental prophet — one who has consulted prophetically with leaders of nations, in their homes, at the United Nations, and in Parliament. Scripture teaches that God has set an eternal government in His house: *"And God hath set some in the church, first apostles, secondarily prophets..."* (1 Corinthians 12:28), and that the household of God is *"built upon the foundation of the apostles and prophets, Jesus Christ himself being the chief corner stone"* (Ephesians 2:20). The prophet stands in that foundational order — a governmental office in the Kingdom of God.

This is the weight of the moment when a prophet of this office speaks an anointing over a man. It is not sentiment, and it is not ceremony. It is impartation and commissioning from a recognized office in God's government — as Samuel poured oil over David long before a crown ever touched his head (1 Samuel 16:13). When Prophet Tomi released this word, he was not predicting a future; he was announcing an assignment. What is spoken from that office carries the authority of the office itself, and it stands as a marker over Michael's life: identified, anointed, and set apart for the work described below.

### II. The Word That Was Spoken

Delivered verbatim by Prophet Tomi Arayomi over Michael Ornelas:

*"I see Michael Ornelas. Michael, I just hear the spirit of God say — The Lord says, son, I am building key Melchizedek anointings on the inside of you, and the Lord says it's gonna make you a man of ministry, and the Lord says it's also gonna make you a man of business. And the Lord says, I am releasing a marketplace warrior on the inside of you. And the spirit of God says you're gonna stand out in this hour as a man who provides finances for the home and finances for the kingdom of God as*

*well. And the spirit of God says, I am releasing upon you the coach, the consultant, the marketplace warrior, and the marketplace Apostle. And the Lord says you are going to penetrate realms and systems and kingdoms of the world, and watch them become kingdoms of our God and of His Christ.*

*"And the spirit of God says, I'm gonna use you in such a unique and unusual way. And I'm gonna dust off old things that you used to do and touch for me. And the spirit of God says, I'm gonna revisit them ahead of you, because the Lord says, I wanna show you that there is property anointings that sit on the inside of you. There are land investments that sit on the inside of you. There is real estate anointings that you are yet to even begin to fully tap into. And the Lord says it's gonna make you a man that knows how to redeem the land. And the Lord says it's gonna release you as a blessing and as a steward over the many.*

*"And the spirit of God says, I am going to build on the inside of you, forward momentum. And the Lord says you're gonna find that when you felt like a man who fished all night, that I'm gonna say let down your net again, in this season, for a great catch is coming. And the Lord says where you felt like something got stuck or something got stale, the Lord says, I am reviving something in the midst of you again. And the Lord says you're gonna see that there is an acceleration coming to what you do, and what you have an ability to touch. And the Lord says it's gonna make room for you, in Jesus' name."*

## III. What the Anointing Will Do Through Michael in Business

The word names a Melchizedek anointing — the union of king and priest, of business and ministry in one man (Hebrews 7). Michael is not called to choose between the boardroom and the altar; the anointing makes the marketplace itself his ministry. Through Temecula Interior Design, the property anointings, land investments, and real estate anointings named in this word take physical form in the earth.

Under this anointing, Michael's mandate through Temecula Interior Design is to build:

**A hotel** — a house of hospitality and excellence, raised as a landmark of what a Kingdom businessman can build when property and land anointings are released. **Commercial property** — developments that penetrate the systems of the marketplace, as the word declares, watching kingdoms of the world become the kingdoms of our God. **A community and residences** — homes and neighborhoods where families are planted, the practical outworking of a man anointed to "redeem the land" and steward it for the many. **Cultural and educational landmarks** — spaces that carry legacy, form the next generation, and stand as testimony long after this season. **Remodeling** — the prophetic picture of the whole assignment: taking what is old, stuck, or stale, and reviving it, just as the Lord said He is dusting off old things and reviving something in the midst of Michael again.

The word promises forward momentum, acceleration on what Michael touches, and room being made for him. The nets that came up empty before are to be let down again — for a great catch is coming to this business.

## IV. What the Anointing Will Do for Others

This anointing was never for Michael alone. The Lord declared him *"a blessing and a steward over the many."* He is anointed to provide finances for the home and finances for the kingdom of God — meaning families provided for, ministries funded, and the work of God resourced through what his hands build.

The word also releases upon him **the coach** and **the consultant** — offices of impartation toward other people. Business owners, builders, and families within his reach will receive counsel, strategy, and covering through him. Every residence built houses a family; every commercial property employs and serves a community; every cultural and educational landmark shapes those who walk through it. Land that is redeemed under this anointing becomes inheritance for the many — that is the stewardship spoken over him.

## V. The Office He Is Called to Ascend To and Sit In

The word does not stop at gifting — it names an office: **the marketplace Apostle**. An apostle is a sent one, a master builder (1 Corinthians 3:10), one who lays foundations and governs what is built upon them. The progression in the word is deliberate: the coach, the consultant, the marketplace warrior — and then the marketplace Apostle. Each is a step of ascent, from serving others, to strategizing for others, to contending in the marketplace, to finally governing in it.

Michael is called to ascend into that apostolic seat in the marketplace — to sit as a father and builder over businesses, properties, and territory; to penetrate realms, systems, and kingdoms of the world and watch them become the kingdoms of our God and of His Christ. Joined with the Melchizedek anointing, this is a king-priest seat: authority in commerce, consecration before God. From that seat, what he builds in Temecula and beyond is not merely development — it is dominion exercised as stewardship, until the works of his hands stand as landmarks of the Kingdom.
